

ALEXANDRA OF RUSSIA SEES HISTORY'S PARALLEL IN MARIE ANTOINETTE

Left, Empress Alexandra, and Marie Antoinette.

History furnishes a striking parallel to the plight of Alexandra, the German-born empress of Russia, in the person of Marie Antoinette, Austrian-born queen of France, who was beheaded in 1793.

Alexandra, now said to be under guard of revolutionist troops, has been openly accused, because of her

German sympathies, of seeking to aid the German enemies of the government over which her husband ruled.

Marie Antoinette was accused of conspiring with Austria, and actually wrote letters, after the outbreak of the populace, asking Austria to send troops into France to uphold the dignity of French royalty.

TIME

How much is a minute?

Sixty seconds?

Not if a woman knows herself. No, sir. Turn a woman loose with one of those little white spaces on the clock and she'll stretch it out of all semblance to its former self.

Daylight saving is nothing to her young life.

This is not a complaint. It's just a statement of one of the fundamental principles of matrimony.

We are not in favor of elastic clocks.

No matter how much gardening you do, you can't pick eggs or milk. You got to take milk and hunt hen fruit.
